LEDGER SOCIETY

Powered by AI ↗

- Give you community
- Help fulfill requests
- Help you discover people
- Brings these worlds together:
People, Opportunities, Access, Experiences and Solutions

Discover opportunities before they reach the crowd.

Discover selected investment and business opportunities from founders, family offices, funds, companies and other members of the Ledger network.

We spotlight the people behind the opportunity, their story, company and vision. Allowing members to discover opportunities within a trusted and documented environment.

Verified and Documented ↗

Luxury Retreats and VIP Access to Events

Our hospitality network includes leading luxury brands such as Aman, Four Seasons and One & Only, with each destination selected around privacy, service and experience.

Connect more to relevant people using technology.

Our technology analyzes member profiles and generates a matching score designed to show how relevant another member may be to you. Instead of scrolling through hundreds of profiles, discover the people you may actually have a reason to meet.

Activate “Private Mode” and your profile will not appear within member matching.

Ledger Society is launching as a carefully curated private network of entrepreneurs, investors, executives and business owners. Membership is intentionally limited and every application is reviewed individually.

€ 1 Million in Net Worth or Revenue

One Membership - €4.490 /Year

Your membership begins with a personal onboarding to understand who you want to meet, what you're looking for and how Ledger Society can be useful to you. From there, our App becomes your point of contact for introductions, opportunities and requests.

The Founder

Baurjan Tulegenov is a Belgian entrepreneur living in Dubai, with more than a decade of experience in sales, business development and building international networks. Throughout his career, he has built an extensive network across Europe, the Middle East and beyond.

For the past five years, Baurjan has worked closely with high-net-worth individuals, entrepreneurs and investors around the world, advising them, connecting them with the right people and gaining a firsthand understanding of the challenges that come with success, wealth and international business. It was through these relationships that the idea for Ledger Society emerged.
